

FACT SHEET**DECEMBER 7, 2007**

APPLICANT: City of Morgan City
P.O. Box 1218
Morgan City, Louisiana 70381

Agency Interest Number: AI 19388
Permit Number: LASS019388
TEMPO Identification Number: PER20070001

TYPE OF PERMIT APPLICATION:

Application for a Sewage Sludge and Biosolids Use or Disposal Permit

PERMIT ACTION:

Draft Sewage Sludge and Biosolids Use or Disposal Permit Package

PREPARATION PROCESS:

The city of Morgan City will utilize the BIOSET® Treatment Process to prepare the sewage sludge generated by the city of Morgan City into an Exceptional Quality Biosolids. The BIOSET® Treatment Process was purchased by the City for the exact purpose of getting their sewage sludge to an Exceptional Quality Level. At the present time, the BIOSET® Treatment Process at Morgan City utilizes Alternative 1 - Time & Temperature in order to achieve the Exceptional Quality pathogen requirements. The city of Morgan City will also utilize pH to determine Vector Attraction Reduction. The proper pH levels will be achieved by also utilizing the BIOSET® Treatment Process. The city of Morgan City will also be meeting or be below the pollutant levels in Table 3 of LAC 33:IX.7303.E and will achieve a PCB level of less than 10 mg/kg of dry solids to complete the Exceptional Quality Biosolids Level.

OTHER PERTINENT INFORMATION:

The city of Morgan City was issued a Final Standard Beneficial Use Permit on **August 18, 2004**. The city of Morgan City is presently operating under the Standard Beneficial Use Permit. Upon finalization of a Sewage Sludge and Biosolids Use or Disposal Permit, the Standard Beneficial Use Permit will be terminated/voided.

April 5, 2007: The Water Permits Division received a permit application for the Use or Disposal of Sewage Sludge and Biosolids from the city of Morgan City.

December 4, 2007: The review of the application was complete and although there exist sufficient information to begin the drafting process of a Sewage Sludge and Biosolids Use or Disposal Permit, it was determined that additional documentation was needed by the applicant to confirm the issues of (1) Order Management, (2) Vehicle wash-down water, and (3) O & P Manual.

December 11, 2007: The applicant was contacted via telephone call to request the need for the additional documentation.

December 14, 2007: Received the additional documentation.
